! This is the Dashboard

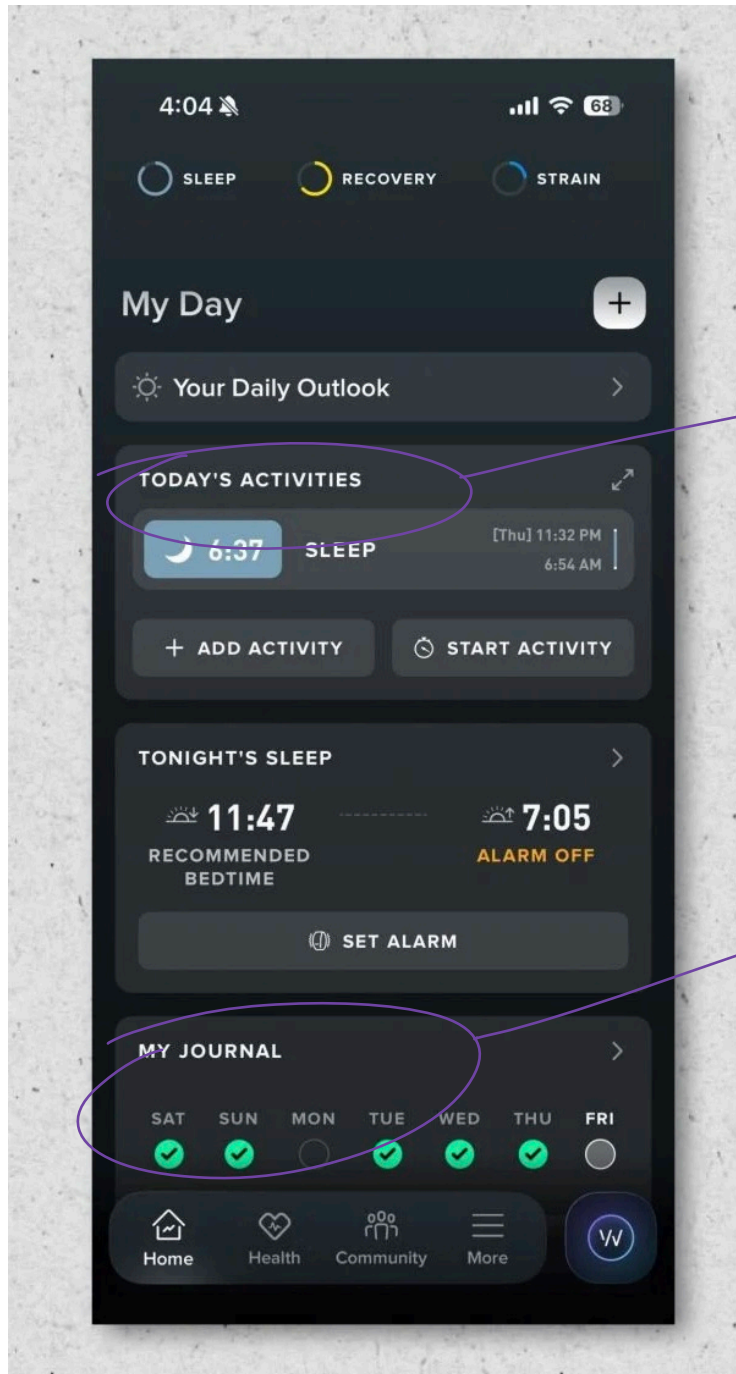

make this say Whose

This will be insights from AI
when AI is not connected make it
say "Placeholder for AI insights"

Don't include instead put a
"chat" feature in there it will be an AI

Remove this and make the
things take the whole area

! This is a scrolled down version of the dashboard

These are activities like workouts and sleep & stuff

In here I'll see my to-do list instead of Journal I can add to do things and tick off things, make it say Today's Agenda
